Teachers are also invited to take part in professional development days. GRAG also offers an outreach program for rural and isolated schools and weekly workshops for people with disabilities.

## **Teachers' information and program outline**

All primary, secondary and TAFE teachers are invited to preview our 2010 program of exhibitions and public programs at the beginning of the year. We invite all visual art, industrial art, English, history, ESL teachers and teachers interested in the arts in general to attend this informative get together. Our public programs officer outlines what the gallery can offer your school or TAFE in the way of tailored floor talks for your group and inform you about the educational resources that the Goulburn Regional Art Gallery can offer you as a teacher. All schools and TAFES are welcome at any time during an exhibition and can request a floor talk prior to their visit. P: 4823 4442

**GRAG is looking for the support of far sighted business'; individuals and companies in the region.**

Goulburn Regional Art Gallery has a fine reputation as a provider of art related exhibitions and education in the form of contemporary art exhibitions, art classes and workshops for the whole community. We aim to give life long learning by offering the regional community the opportunity to engage with art made by both regional artists and those from both outside the region. We hope to continue providing the Southern Tablelands and nearby regions with the opportunity to experience and participate in the best of local and national art.

Your support will enable us to continue with these programs well into the future.

For further information on how you can support your local regional gallery, please contact Jane Cush on 4823 443 or email [artgallery@goulburn.nsw.gov.au](mailto:artgallery@goulburn.nsw.gov.au)
