Background

Goulburn Regional Art Gallery is the sole producer and presenter of contemporary visual arts content in the region. The Gallery is committed to presenting new work from living artists to stimulate and diversify the experiences, knowledge and capacity of the community. The Gallery was inaugurated in 1982 and is located next to the Council Civic Centre, in the central business district of Goulburn.

The Gallery delivers exhibition, education, arts access and outreach programs; manages a growing collection of 500+ objects; and commissions new work for Goulburn Mulwaree Council's public art initiative across the local government area.

The Opportunity

This space provides artists with the opportunity to create new work, innovate and develop their practice in a professional context, within a diverse artistic program.

Selected artists will be encouraged and supported to deliver and install a body of work professionally, as well as to provide an informal artist talk during their exhibition.

The Gallery has previously supported artists in 'Gallery 2' working in the following media: painting, drawing, installation, audio visual works, ceramics, glass, concrete, bronze and many more.

The exhibition statement and application should showcase your practice. You may like to consider the Gallery, the region as well as the intended audience of the general public in your application.
